## INDIAN WOMEN ASK FRANCHISE

(Correspondence of Associated Press) LONDON, Oct. 24.—Miss Mithibai Tata, a young Indian graduate of Bombay university, has come to England with her mother, Mrs. Merabai Tata, to ask for the inclusion of women in the new franchise scheme for India. Mrs. Tata represents Bombay women and forty-three branches of the Indian Women's association.

Because they arrived too late to give evidence before the parliamentary committee on Indian affairs their full statement is being published as an appendix to the report.

"We feel that this is the great chance for Indian women to obtain the franchise," says Miss Mithibai Tata. "Postpone the measure now and it means that we shall be actually driven backward, and barriers will have been raised in the way of our progress which will with difficulty be surmounted."

She does not ask that all women should be enfranchised but only that those who have the same qualifications as men should have the same right and she wants the Indian women to have the education that comes with the possession of responsibility.

"We feel very strongly," she adds, "that if differentiation is made now between the sexes it will be much more difficult to get back to the opportunities that exist today."

## AMUSEMENTS

WILLIAM RUSSELL AND FATTY ARBUCKLE TODAY.

Two great stars will adorn the bill at the Butler today. William Russell, the big athletic star, in a five-reel production entitled "A Sporting Chance," and Roscoe (Fatty) Arbuckle, the heavyweight comedian, in a two-reel fun-maker, "A Desert Hero."

In the five-reel feature, William Russell, as the good-looking and swift-moving hero, gives a splendid characterization of the man whose sympathy and admiration for Fritz lead him to assume the blame for a murder he never committed. There is a wonderful emerald, the Signet of Sheba, mixed up in the exciting affair, and there are thrills and mystery galore, with the all-important element of suspense admirably varied for, and is one of the most absorbing mystery stories ever transcribed to the screen. And next comes Fatty Arbuckle, the famous heavyweight comedian, who has scored a big hit in "A Desert Hero."

It is a funny creation and contains many situations that thrill. A good laugh is the best cure for that tired feeling no matter what causes it, and the remedy for it is provided right in this very picture, so do not miss today's show.

Tomorrow, beautiful Ethel Clayton, in "The Mystery Girl" and the third chapter of "Bound and Gagged," the picture of intermingled laughs, thrills, excitement and suspense. A regular Fairbanks comedy-drama.

Monday, Dustin Farnum, in "A Man's Fight."

The gentle reader can't help wondering whether the modern romantic fiction writer is all that he should be who relates all the experiences and sensations he mentions so understandingly.

A woman may look better for a little rouge and powder, but no woman looks better for lots of rouge and powder. Even her regular face is an improvement on that.

Custom is a strange thing that makes women bind themselves in whalebone and men bind their heads in derby hats.

## HUNS THROTTLE NORWAY TRADE

(Correspondence of Associated Press) CHRISTIANIA, Oct. 25.—Norway is beginning to suffer from German competition, say leading Norwegian business men. Prices for machinery and steel construction are said to be 40 per cent cheaper in Germany than in Norway. The finished product imported from Germany costs only about as much as the raw or unfinished product would cost in Norway.

Reports from Germany say that industry there is growing rapidly. The low rate of German exchange, it is pointed out, makes Germany's competition in foreign markets much easier.

Norwegian electrical power plants now under construction are buying their turbine engines in Germany because they are so much cheaper there than they cannot afford to buy them at home.

It is claimed that at present Germany is able to beat any competition here on the products for which she herself can furnish raw materials. Lack of shipping facilities is said to be the only thing that prevents Germany from dumping her products on Scandinavian countries at prices so low as to kill all competition.
